

# **Spatial Econometrics**

Moinul Islam

9/16/2022

# Table of contents

<b>Preface</b>	<b>3</b>
<b>1 Basics for GIS and spatial data</b>	<b>4</b>
<b>2 Data, spatial classes and basic graphics</b>	<b>5</b>
<b>3 Basic operations in the R software</b>	<b>6</b>
<b>4 Foundations of spatial microeconometrics modeling</b>	<b>7</b>
<b>5 Basic cross-sectional spatial linear models</b>	<b>8</b>
<b>6 Non-linear spatial models</b>	<b>9</b>
<b>7 The linear regression model with spatial data</b>	<b>10</b>
<b>8 Panel data models with spatial data</b>	<b>11</b>
<b>9 Applied spatial econometrics</b>	<b>12</b>
<b>10 Geographically weighted regression</b>	<b>13</b>
<b>11 Spatial point pattern analysis</b>	<b>14</b>
<b>12 Spatial interpolation</b>	<b>15</b>
<b>13 Examples of big data applications</b>	<b>16</b>
<b>14 Processing of large data set</b>	<b>17</b>
<b>15 Sample analysis of large raster data</b>	<b>18</b>
<b>References</b>	<b>19</b>

# Preface

This is a spatial econometrics book which can be utilized as an economic policy tool.

# **1 Basics for GIS and spatial data**

## **2 Data, spatial classes and basic graphics**

## **3 Basic operations in the R software**

## **4 Foundations of spatial microeconometrics modeling**

## **5 Basic cross-sectional spatial linear models**

## **6 Non-linear spatial models**

## **7 The linear regression model with spatial data**

## **8 Panel data models with spatial data**

## **9 Applied spatial econometrics**

## **10 Geographically weighted regression**

## **11 Spatial point pattern analysis**

## **12 Spatial interpolation**

## **13 Examples of big data applications**

## **14 Processing of large data set**

## **15 Sample analysis of large raster data**

## References
